Koro - a touch of class

To truly enjoy a fresh cup of coffee, we find it helps if you close your eyes, inhale, take in the aroma and then take pleasure in the taste of a great cup of coffee. It all forms part of the ritual of drinking coffee. In everyday life, at work or during free time, we always find the right moment to indulge in this great little pleasure.

The Koro dispenser comes from the technology and experience of Necta. With soft clean lines, the Koro offers typically elegant classic Italian design, aesthetically pleasing the machine provides excellent value for money yet benefits from being technically superior. Koro is extraordinarily compact and reliable, due to the use of the highest quality components, normally used in dispensers that support much heavier workloads.

Thanks to its characteristics, Koro is ideal for environments such as offices, meeting rooms, stores, professional studios, small cafés and restaurants, and can be managed in a variety ways.

Superior technology to satisfy every need

If it's style and sophistication you're looking for, Koro has the answer. Thanks to the different technologies for preparing drinks, Koro represents the ideal solution for a hot drinks service of high quality, with a menu to satisfy every taste.

Espresso

Thanks to the patented coffee group, the volumetric doser and the perfect extraction according to the parameters of the best Italian espresso, Koro offers excellent coffee and mixed beverages, including a wonderful cappuccino.

Cappuccinatore

It automatically prepares perfect cappuccinos through the combined action of steam and air. At the touch of a button you can get delicious drinks based on fresh milk, such as cappuccino, café macchiato or café latte.

Fresh Brew

The Sigma Brewer (patented) guarantees very high quality beverages, through the high extraction of the coffee and tea.

Instant

The mixers produce a first-rate drink with a good emulsion and perfect crême.

Simple and stylish

Style and simplicity are synonymous with the Koro and its ease of use is down to the simple display and conveniently situated buttons, directing the user in their choice of preferred beverage. Koro has a wide selection menu and can offer up to eight different drinks, and through its versatility it is at home in any situation. The Koro is incredibly small (only 20 inches/50 cm high) and light, making it easy to position and move.

Easy maintenance and cleaning

The Koro's cleaning and maintenance system is simplicity itself. The optimisation of the mixer's parts (only three components), the suction of dust through a small built-in drawer, and the dust conveyor make cleaning operations quick and simple. Mixers are easy to remove by using the green coloured release system. The Sigma brewer in the fresh brew version is easily removable without tools and can be completely disassembled and cleaned. It also has a special filter perfect both for coffee and tea based beverages.

Accessories

In order to suit every client's requirements, a complementary range of accessories is available including:
